<b>PINON +</b>	Up/Spread	3-6"	3-6"	Slow	Green	Bushy pine, short needles, edible nuts. Needs warm, dry loc.
<b>PONDEROSA +</b>	Upright	1'	8-10"	Med.	Green	Long-needled broad habit; fragrant cinnamon-colored bark.
<b>SCOTCH</b>	Upright	1'	6-8"	Med	Blu/Green	Short needles. Striking orange-brown flaking bark.
<b>COLUMNAR</b>	Upright	1'	N/A	Med	Blu/Green	Dense narrow column w/upright branching. Slightly twisted needles.
<b>DWARF</b>	Spreader	3-6"	3-6"	Slow	Blu/Green	Rounded dense form. Nice accent plant. Holds needles well.
<b>GLOBOSA</b>	Up/Broad	2-3"	2-3"	Slow	Drk Green	Tufts of light green needles. Provide interesting color contrast.
<b>HILLSIDE CREEPER</b>	Spreader	3-4"	3-4"	Slow	Green	Nice, undulating look. Turns lighter shade of green in winter.
<b>POM-POM</b>	Upright	2-3"	2-3"	Slow	Green	Compact. Low maintenance specialty evergreen.
<b>PROSTRATA</b>	Spreading	3-6"	3-6"	Slow	Green	Has thick, shiny green needles. Retains color in winter.
<b>SWISS STONE</b>						
<b>'CHALET'</b>	Up/Broad	3-6"	3-6"	Slow	Blu/Green	Hardy, compact. Native to the Alps. Elegant small pine.
<b>VANDERWOLF'S</b>	Upright	1'	6"	Med.	Blu/Green	Needs part shade. Nice pyramidal shape. Silvery blue-green needles.
<b>WHITE DWARF</b>						
<b>BLUE SHAG</b>	Spreader	3-6"	3-6"	Slow	Blu/Green	Shrubby, irregular branched, rounded habit. New needles silvery blu/grn.
<b>SPRUCE</b>						
<b>ALBERTA</b>						
<b>DWARF</b>	Upright	1-2"	1-2"	Slow	Green	Perfect cone shape. Needs part shade/protection.
<b>JEAN'S DILLY</b>	Upright	1-2"	1-2"	Slow	Green	Is smaller with shorter, thinner needles than the dwarf.
<b>NORTH STAR</b>	Upright	1-2"	1-2"	Med	Green	Resistance to winter wind and sun burns. Compact, dense.
<b>RAINBOW'S END</b>	Upright	1-2"	1-2"	Slow	Green	Creamy yellow new growth contrasts w/dk green older foliage.
<b>BLACK HILLS</b>	Upright	1'	3-6"	Slow	Blu/Green	Dense, symmetrical cone-shape with bright green new growth.
<b>COLORADO +</b>						
(GREEN)	Upright	1'	6-8"	Med.	Green	Give plenty of room to grow. Lives over 250 years.
<b>BACHERI BLUE</b>	Conical	3-6"	3-6"	Med.	Blue	Bright, large needle foliage. Tall & broad habit. Very hardy.
<b>BLUE</b>	Upright	1'	6-8"	Med.	Blue	Variety of Colorado, selected for bluer color than the native.
<b>COLUMNAR BLUE</b>	Upright	3-6"	N/A	Slow	Blue	Densely formed columnar crown w/great color.
<b>COMPACT COLO.</b>	Up/Broad	3-6"	N/A	Med.	Blue	Dense compact selection, grows faster than dwarfs. Bright blue.
<b>CORBET BLUE</b>	Upright	3-6"	N/A	Slow	Blue	Dwarf. Coarser needles. Upright, broad habit.
<b>FAT ALBERT</b>	Upright	1'	8-10"	Med.	Intense Blue	Grafted blue spruce, intense blue color. As broad as it is tall.
<b>GLOBE</b>	Globe	2-4"	2-4"	Slow	Blue	Bright, silver-blue needles. Patio trees also available.
<b>HILLSIDE</b>	Upright	2-4"	2-4"	Slow	Blu/Green	Beautiful blue/gray/green needles. Upright/broad when mature.
<b>HOOP'S</b>	Upright	6-8"	3-6"	Slow	Silver Blue	Bluest of all the cultivars. New growth is especially bright blue.
<b>MONTGOMERY</b>	Globe	1-2"	1-2"	Slow	Blue	Globe-shaped, compact. Broad and pyramidal in shape when mature.
<b>PENDULA</b>	Pendulous	3-6"	N/A	Slow	Blue	Presents beautiful cascading effect. Needs staking while young.
<b>PROCUMBENS</b>	Spread	3-6"	3-6"	Slow	Blue	A beautiful blue ground cover.
<b>ST. MARY'S BROOM</b>	Globe	1-2"	1-2"	Slow	Blue	Long, wide angled needles. Reliably mounding. Very slow growing.
<b>NORWAY</b>						
<i>Need partial shade and protection.</i>						
<b>TOLLEMORE</b>	Upright	3-6"	3-6"	Med.	Green	Compact conical shape, a perfect dwarf Christmas tree.
<b>DWARF (PUMILA)</b>	Globe	3-6"	3-6"	Slow	Green	Dark green needles. Globose when young, spreading w/age.
<b>HILLSIDE UPRIGHT</b>	Upright	3-6"	2-4"	Med.	Drk Green	Irregular branching habit, stylish specimen tree.
<b>LITTLE GEM</b>	Globe	2-4"	2-4"	Slow	Green	Miniature. Tiny needles and a very dense habit.
<b>WEEPING</b>	Up/Wping	3-6"	3-4"	Med.	Green	Needs to be staked and trained. Groundcover.
<b>SERBIAN</b>						
<i>Need partial shade and protection.</i>						
<b>DWARF</b>	Globe	2-4"	2-4"	Slow	Green	Dense, slow growing globe. White undersides to needles.
<b>WEEPING</b>	Upright	3-4"	2-4"	Fast	Blu/Green	Open habit developing weeping branchlets w/age.
<b>SESTER DWARF</b>						
<b>SESTER DWARF NEW</b>	Upright	3'	1-2"	Slow	Blue	New pyramidal Spruce, very hardy. Great for small areas
<b>SESTER GLOBE NEW</b>	Globe	1-2"	1-2"	Slow	Blue	New globe with pwdr blue needles <b>EXCLUSIVE TO GULLEYS</b>
<b>YEW</b>						
<i>Need partial shade and protection.</i>						
<b>BROWN'S</b>	Up/Spnd	6-8"	8-10"	Slow	Green	Dense, semi erect branches. Needs acidic soil.
<b>DENSE</b>	Rounded	5'	6-8"	Slow	Green	Hedge/foundation plant. Needs acidic soil.
<b>EMERALD SPREADER</b>	Dwarf	3-6"	3-4"	Slow	Yel/Green	Eye catching brilliant foliage on dwarf, spreading plant.
<b>HICKS</b>	Upright	10-12'	3-4"	Med	Drk Green	Good for tall hedges. Glossy needle-like foliage.
