OUR MISSION:

At Gulley Greenhouse, our goal is to produce high quality 'Gulley Grown' plants that are ready to sell and plant. We feature a selection of perennials that are best suited for our Colorado Front Range and Mountain climates; as well as many new, unique, and hard to find varieties. We also grow roses, herbs, annuals, and veggies, as well as our premium lines of Fairy Flowers®, Happy Hour Mixed Annuals, Jeepers Creepers® and custom hanging baskets and patio pots. We sincerely appreciate your business and look forward to working with customers like you, in the business we love...plants! We hope you'll browse our catalog and contact our helpful sales staff with orders or questions!

ORDER INFORMATION:

Prices in this catalog are effective from November 1, 2018 through October 31, 2019. To place an order, please call, fax, or e-mail our sales staff. We request 24-hour notice for customer pickup orders, and 48-hour notice for orders to be delivered. We are happy to service walk-in customers; just go to the Wholesale Sales Office. Please, no order changes or cancellations without prior communication with our sales staff.

To ensure you get the best prices possible, all customers that want to purchase full flats quantities should place a wholesale order with the sales staff. Then the plants will be pulled for you and you will be charged the lower wholesale price. Plants may also be available to purchase through our retail garden center, but these orders are independent of wholesale orders and are subject to the pricing, terms and conditions of the retail division.

ORDER MINIMUMS:

All Wholesale flats must be ordered in full flat quantities. There is no minimum quantity for 6.5" pots, 1 gallons, 2 gallons, hanging baskets or containers.

PAYMENT TERMS:

All invoices must be paid within 30 days of invoice date. If a balance is past-due, a 2% finance charge will be assessed on the last day of each month. Accounts whose invoices are 60 days past due will be placed on COD (Cash On Delivery) status.

RETAIL GARDEN CENTER PRE-ORDERS

For the 2019 season, we are again encouraging all of our retail and garden center customers to order from our weekly availability only instead of pre-booking months ahead of time.

The following products will still be available for retail garden centers to prebook, on a first-come, first-serve basis.

Please note that due to high demand for containers and hanging baskets, we may not be able to fill your entire order. We will take orders on a first-come, first-serve basis but will also take into account quantities shipped in the past and payment history.

CUSTOM GROWING

Gulley's specializes in custom growing. We can custom grow hanging baskets, pots, flats and gallons. If there is a plant you do not see in the catalog, we may be able to custom grow it for you. Please understand that this plant material is one of a kind and custom grown only for you. Pricing will reflect current market prices, input minimums, and all other associated costs incurred outside of normal production. Custom grown orders must have a specific delivery date, and will be shipped regardless of plant status. **Orders with custom grown plant material cannot be cancelled once in production.**
